

### **REMARKS**

Claims 1-73 are cancelled without prejudice to further prosecution. Applicant reserves the right to present these claims later in this case or in a related case. Claims 74-101 are added. New claims 74 - 101 are supported in the original specification, *inter alia*, at paragraphs 43, 63, 67, 73-74, 134 and Figure 2. Thus, no new matter has been added by way of this amendment.

Applicant asserts that rejections are moot in view of the presently submitted claims.

**C. The Applicant will Submit a Terminal Disclaimer Under 37 CFR §1.321, if the Claims Are Otherwise Allowable in Their Present Form**

The Examiner provisionally rejected claims 1-20 and 22-59 under the judicially created doctrine of obviousness-type double patenting as allegedly being unpatentable over claims 1-62 of copending Application No. 10/211,199.

The Applicant will submit a terminal disclaimer in the present case if the claims are otherwise allowable in their present form, and if the claims of the cited co-pending application are allowed prior to the present claims.
